

BOBA Straw flute

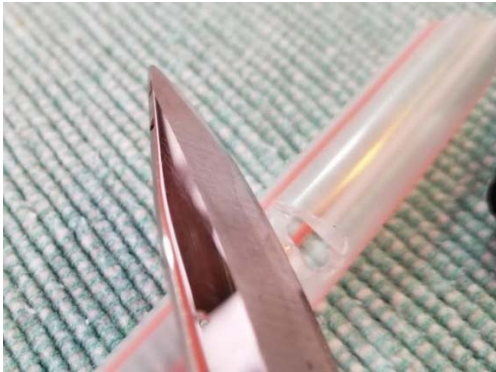

MATERIALS: clay, boba straws, scissors, wood burner, knife

1. Cut boba straws into ~1 inch strips and fill these tubes with filo clay (bake at 250 for 30 minutes to make corks)

SAVE the tubing after cork is removed.

2. Cut wedged hole at ~1 inch on the V-end of a new straw

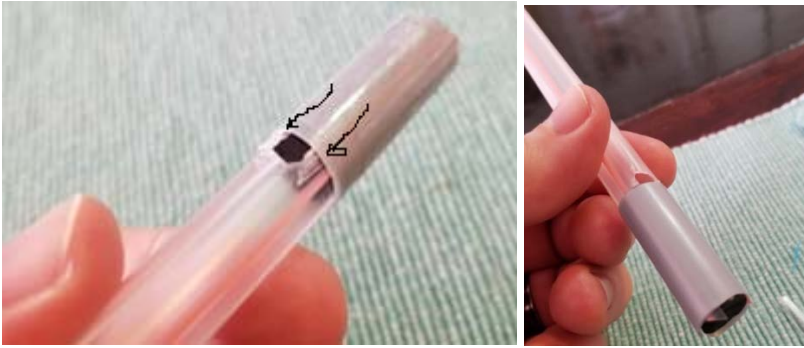

3. Cut from V to the hole (this will be the breathing passage)

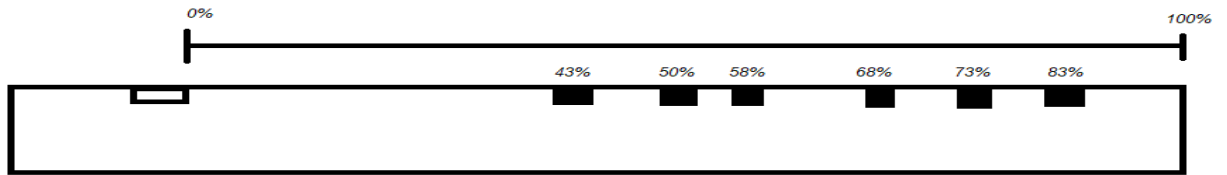

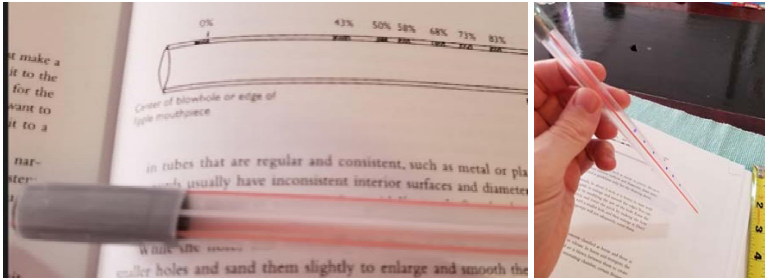

4. Insert clay cork to stop at hole's opening, cut length-wise strip in saved tubing from step 1.

5. Wrap 1" strip around as mouthpiece

6. Measure holes according to chart (43, 50, 58, 68, 73, 83% of length from hole to end of tube)

7. Use wood burner / hot glue gun nozzle to make holes ON OPPOSITE SIDE of mouthpiece opening
